

Dear workshop participants,

We look forward to welcoming you to the Structure and Uncertainty research workshop on 24-27 September 2012 at the Orangery, Goldney Hall.

This email gives you some practical information to assist you in your arrival in Bristol.

## TRAVEL

If you are flying to the UK, you will probably be landing at Bristol, London (Heathrow or Gatwick), Birmingham, Cardiff or Manchester.

To get to the city of Bristol from airports:

- from Bristol airport - take the Airport Express bus to Bristol Bus Station, or take a taxi.
- from Heathrow - best to take the National Express bus to Bristol bus station; alternatively take the Heathrow Connect or Heathrow Express (faster, more expensive) train services into London Paddington, then the main line train to Bristol Temple Meads station.
- from Gatwick, Birmingham or Manchester airports: take the main line train to Bristol Temple Meads station.
- from Cardiff airport: take the main line train from Rhose station to Bristol Temple Meads station.

From Bristol Temple Meads train station or Bristol Bus Station, to hotels or the venue: a taxi is probably most convenient, but the First bus services 8 are also convenient for the Clifton (eg Avon Gorge Hotel) the route goes up Park Street to the Triangle, then goes to the west along Queen's Road.
